EXPERIENCE

Business and Research Development

Younity.in

2023

- Aug 2023 - Sep 2023 (2 months)
- During my internship at Younity, my main role involves presenting the company's services. My duties consist of:
 - Participating in training sessions to enhance my knowledge.
 - Building and nurturing positive connections with prospective clients.
- Enhancing communication skills for upcoming prospects and acquiring a deeper understanding of corporate functions.

ABOUT

An enthusiastic student, eager to apply theoretical knowledge and gain practical experience in computer science while pursuing a Bachelor of Computer Applications (BCA). Prepared to contribute value to a dynamic organization by improving technical skills and expanding professional expertise.
